

Onity presents **solutiOn** AB3, a range of silent minibars designed specifically for hospitality market needs.

- Ecological:** they comply with high quality and environmental requirements.
- Silent** operation, absorption technology cooling system, featuring no moving parts.
- Flexibility** thanks to easily reversible door.
- Different sizes:** **solutiOn** AB3 minibars are available in two sizes, 30L and 40L.
- Low consumption LED light.
- Concealed thermal regulator.
- Intelligent automatic defrosting system controlled by IC chip.
- Foaming with cyclopentane (C₅H₁₀), CFC-free thermal insulation with ultra cooling efficiency.
- Easy-opening door knob.
- Antibacterial removable soft PVC door seal.
- HIPS antibacterial liner to dispel interior odor.
- Options:** A range of optional features is available to personalise the minibar to meet customers' needs.

IMPORTANT: Ventilation

The cooling unit requires ventilation for an optimal running of the minibar, therefore it is recommended to leave a minimum space of **5 cm** around it.

Certifications

- 2014/30/EU (EMC)
- 2014/35/EU (LV)
- EU/2019/2019 (EcoDesign)
- 2011/65/EU (RoHS)

Technical Specifications

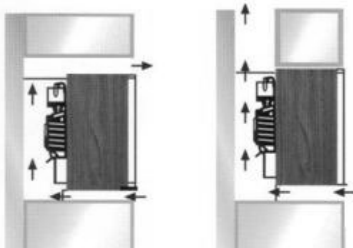

Model	Solution AB3 30	Solution AB3 40
Volume Available	29 L	39 L
Colour	Black	Black
Dimensions (H x W x D)	480 x 400 x 420 mm	550 x 400 x 440 mm
Nominal Power	65 Watt	65 Watt
Power Supply	220-240 V ~ 50/60 Hz	220-240 V ~ 50/60 Hz
Energy Consumption	0.521 kWh / 24 h 190 kWh / year	0.523 kWh / 24 h 191 kWh / year
EEl (Energy Efficiency Index)	249.5	249.1
Climate Class	N	N
Airborne Acoustical Noise Emission Class	A	A
Net Weight	13.2 Kg	14.8 Kg
Thermostat Type	Electronic	Electronic
Power Cable Length	1.6 m	1.6 m
Temperature Interval	0 to 8 °C	0 to 8 °C
Internal Light	Yes (LED type)	Yes (LED type)
Shelves	1 tempered glass + 2 door racks	2 tempered glass + 2 door racks
Door Type	Solid	Solid
Sliding Hinge for Cabinet	Yes (optional)	Yes (optional)
Lock with Key	Yes (optional)	Yes (optional)

Onity presents **solution** AB3 Glass, a range of silent minibars with glass door, designed specifically for hospitality market needs.

- Ecological:** they comply with high quality and environmental requirements.
- Silent** operation, absorption technology cooling system, featuring no moving parts.
- Flexibility** thanks to easily reversible door.
- Different sizes:** **solution** AB3 Glass minibars are available in two sizes, 30 L and 40 L.
- Low consumption LED light.
- Concealed thermal regulator.
- Intelligent automatic defrosting system controlled by IC chip.
- Foaming with cyclopentane (C₅H₁₀), CFC-free thermal insulation with ultra cooling efficiency.
- Easy-opening door knob.
- Antibacterial removable soft PVC door seal.
- HIPS antibacterial liner to dispel interior odour.
- Options:** A range of optional features is available to personalise the minibar to meet customers' needs.

IMPORTANT: Ventilation
